

INDUSTRIAL UFO LUMINAIRES TRANSFORMER series

Photometric Diagrams

Product design features

High-end sports sealing technology
It meets not only adjustable beam angles of 60° 90° 105°, but also IP65.

Sensor

D4I mounting interface, which is compatible with microwave / light / infrared sensor.

Low glare PC cover mount interface

UGR<23

Option 1

PC cover

Option 2

PC cover+Dust cover

CCT+Power changeable

Option 1

Three power changes of 200W, 150W, 100W

200W

150W

100W

Option 2

Three CCT changes of 5700K, 4200K, 3000K

5700K

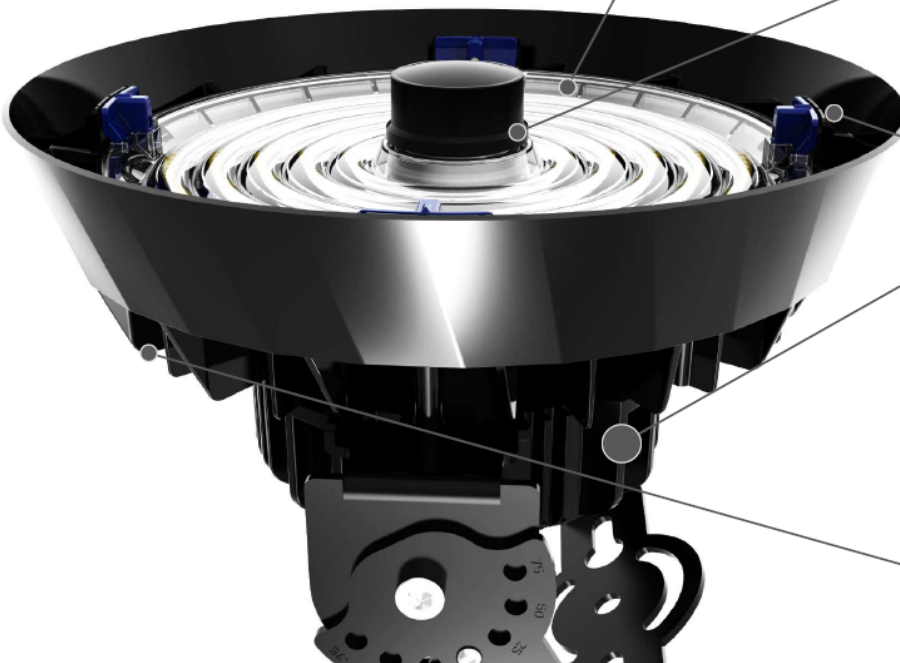

4200K

3000K

Wireless network sensors
